

THE REDLINE COMPETITION GUARANTEE

Deeper Divisions. More Competition. More Confidence.

At Redline Championships, we believe teams deserve the opportunity to truly compete, not simply take the floor alone.

That is why we are introducing the Redline Competition Guarantee, a commitment designed to give programs greater confidence when building their competition schedules with Redline Championships.

GUARANTEED COMPETITION IN SELECT DIVISIONS

Using participation data from the previous Redline Championships season, we identified Prep and Elite divisions that consistently produced strong competition across Redline Championships events. These divisions are designated as Redline Guaranteed Divisions for the upcoming season.

ELITE GUARANTEED DIVISIONS	PREP GUARANTEED DIVISIONS
▪ The Open Elite Mini Level 1	▪ The Open Prep Mini Level 1.1
▪ The Open Elite Youth Level 1	▪ The Open Prep Youth Level 1.1
▪ The Open Elite Junior Level 1	▪ The Open Prep Junior Level 1.1
▪ The Open Elite Youth Level 2	▪ The Open Prep Junior Level 2.2
▪ The Open Elite Junior Level 2	
▪ The Open Elite Senior Level 2	
▪ The Open Elite Junior Level 3	
▪ The Open Elite Senior Level 3	
▪ The Open Elite Senior Coed Level 3	

01

D1? D2? STILL GUARANTEED.

Your guarantee stays with you.

If Redline Championships splits a Guaranteed Division by D1/D2 program size, team size, A/B grouping, or another event split created by Redline Championships, the Competition Guarantee still applies. A team will not lose its guarantee simply because Redline Championships created the split.

02

IF WE DON'T BRING THE COMPETITION, WE'LL HELP BRING YOU TO ANOTHER EVENT.

When you register a team in a Redline Guaranteed Division, you are registering with the confidence that Redline Championships is standing behind the competitive experience.

REGISTRATION CREDIT EQUAL TO THE AMOUNT PAID FOR THAT TEAM

If your team competes at a qualifying Redline Championships event and is the only team competing in its guaranteed division, your program receives this credit toward an additional qualifying Redline Championships event.

You chose Redline Championships expecting competition. If we guarantee it and don't deliver it, we'll help get your team to another Redline Championships event.

03

EARN A PAID BID? YOU HAVE A CHOICE.

If a team qualifies for the Competition Guarantee and also earns a Paid Bid to an end-of-season event, the program gets to choose the benefit that makes the most sense for that team.

Accept the Paid Bid or take the Competition Guarantee credit toward another Redline Championships event. The choice is yours.

BUILT ON REAL REDLINE CHAMPIONSHIPS DATA

The Redline Competition Guarantee is not based on a guess. We reviewed participation from the previous Redline Championships season and evaluated competitive depth across eligible Prep and Elite divisions. Only divisions with proven historical depth were selected for the initial guarantee.

DEEPER DIVISIONS. STRONGER COMPETITION.

Redline Championships will continue building deeper divisions through event growth, program outreach, recruiting and marketing. Our goal is not simply to fill an event. Our goal is meaningful competition and an experience athletes and coaches can feel good about choosing.

You bring your team. We'll work to bring the competition. And when we guarantee it, we stand behind it.

REDLINE COMPETITION GUARANTEE

TERMS & CONDITIONS | PILOT PROGRAM

The Redline Competition Guarantee applies only to designated Redline Guaranteed Divisions at qualifying Redline Championships events. By participating, programs acknowledge and agree to the following terms:

1. ELIGIBILITY & DIVISION DEADLINE

A team must be registered in an eligible Redline Guaranteed Division no later than 14 days before the event. Once the preliminary schedule is released, a program-requested division change makes that team ineligible for the Guarantee for that event. Only divisions specifically designated by Redline Championships are eligible.

2. DIVISION SPLITS, INCLUDING D1/D2

Redline Championships may combine or split divisions based on registration needs. Any split created by Redline Championships remains eligible for the Competition Guarantee, including D1/D2 splits, team-size splits, A/B splits, or other event-specific splits. A split created by Redline Championships is not considered a division change under Section 1. If a qualifying team is left without competition as a result of a split created by Redline Championships, the Guarantee applies. The team must actually compete to qualify; withdrawals, no-shows, exhibitions, or teams that do not take the competition floor are not eligible.

3. WEATHER, TRAVEL & EXTRAORDINARY CIRCUMSTANCES

The Guarantee is void when severe or inclement weather, unsafe travel conditions, venue issues, government orders, transportation disruptions, emergencies, or other circumstances outside Redline Championships' reasonable control materially affect event operations, team travel, withdrawals, or participation. When weather may affect an event, Redline Championships will make an initial Competition Guarantee weather determination approximately 24 hours prior to the scheduled start of the event. Redline Championships may update that determination if conditions materially change afterward.

4. EXCLUDED EVENTS

The Guarantee does not apply to Redline Championships Super National events or any other event specifically designated by Redline Championships as excluded from the program.

5. STANDARD REGISTRATION CREDIT

If an eligible team is the only team competing in its Guaranteed Division at a qualifying event, the program will receive a registration credit equal to the amount actually paid for that team's eligible team registration fee. The credit may be applied toward an additional qualifying Redline Championships event. Credits have no cash value and are not refundable. The credit applies to team registration only and does not include spectator tickets, admission or gate fees, ticketing fees, ticket processing/service/convenience fees, parking, coach fees, late fees, or any other ancillary or non-registration charges.

6. SEASON PASS CREDIT

For teams registered through a Redline Championships Season Pass, the credit is calculated proportionally using the actual Season Pass amount paid per athlete. Divide the per-athlete Season Pass price by the total number of qualifying Redline Championships events attended by that team, then multiply by the number of qualifying events at which the Guarantee was not met. Example: \$299 divided by 5 qualifying events = \$59.80 credit per athlete for each qualifying event without competition. Season Pass credits apply toward the following Redline Championships season and have no cash value.

7. END-OF-SEASON PAID BIDS

If a team qualifies for a Competition Guarantee credit at an event and is also awarded a Paid Bid to an end-of-season event, the program may choose one benefit for that team: either accept the Paid Bid or receive the Competition Guarantee credit. The team may not receive both. The program's election must follow Redline Championships' applicable bid acceptance and declaration procedures. Once the benefit has been accepted and finalized, the selection may not be exchanged for the alternative benefit.

8. PAYMENT STATUS & CREDIT LIMITS

The program must be in good financial standing with Redline Championships. Credits are based only on amounts actually paid and may not exceed the eligible registration amount. Complimentary entries, scholarships, promotional entries, unpaid balances, or portions of registration not actually paid do not create additional credit value.

9. VERIFICATION & FINAL DETERMINATION

Redline Championships may review registration records, schedules, division assignments, payment records, event participation, bid awards, and other applicable records before issuing a credit. Redline Championships makes the final determination regarding eligibility, qualifying divisions and events, credit amounts, and application of this policy.

10. PILOT PROGRAM & POLICY CHANGES

The Redline Competition Guarantee is a pilot program. Redline Championships reserves the right to modify the Guaranteed Division list, exclusions, eligibility requirements, credit structure, or other terms as participation and operational needs develop. Whenever reasonably possible, changes will apply prospectively to future events rather than events that have already occurred.
